Costa Rica
Sla LOUNGE

OUR STORY

Starting from the dream of providing visitors to Costa Rica with more than just a catamaran tour. We designed every tour to be unique with the hope to enrich our clients in an authentic Costa Rican experience. Our clients enjoy a new sailing catamaran, great customer service and a destination secluded and far away from all the tourist hot spots.

We do this by keeping our guest's list to only 25 passengers to ensure a unique and intimate experience for all clients. We also are not another "booze cruise". Our clients are looking for a beautiful experience, that is family-oriented.

Our tours and charters are handcrafted and executed by an experienced Captain and team of mates. Find us on Tripadvisor @sealounge catamaran to read all the wonderful reviews clients have left.

It would be our pleasure to have you on board.

ABOUT THE CATAMARAN

Sealounge Catamaran is a 50 ft. Tri-Star Trimaran fully remodelled from top to bottom in September 2016. Powered by a single Cummins Diesel Engine and equipped with sails* and certified for 25 passengers plus crew, equipped with washroom, salon area, sizeable shaded seating, a roof for jumping, full safety equipment, life-saving gear and freshwater. Surround sound speakers propelling sound from bow to stern.

THE BEACH: PLAYA FANTASIA

All our tours and charters are destined to the exotic and wild white sand beach called Playa Fantasia. Completely secluded and accessible only by water. Playa Fantasia's jungle flows down onto the sands where turtle species often lay their eggs. Beautiful reefs filled with a wide variety of marine life such as sea turtles, mantas and coral fish. All our guests enjoy lounge chairs, hammocks, an open bar and a seating area. Unique Wedding and event setups are also available.

DAY TOUR TO PLAYA FANTASIA

Our catamaran day tour is a great 4.5 hour catamaran tour with a visit at Playa Fantasia for a fresh BBQ lunch prepared by our chef on the beach. Guests enjoy a 40 minute cruise to Playa Fantasia. We drop anchor and guests can jump from the roof or float in the tranquil waters. We head into the beach where clients have access to an open bar, beach lounge chairs, hammocks, paddle boards, surf board, snorkel gear and boogie boards. After lunch and some fun in the sun we head back to port searching for whales, dolphins and mantas.

This was by far the best excursion I have ever taken. The boat was beautiful and relaxing. The island was breathtaking and the food was the best I had on the trip. The smiles and professionalism were very warm and welcoming.
