

MADRE TIERRA

Experience with your bare hands the gastronomy, process's, and culture of life in the countryside at Costa Rica's first Carbon Neutral Farm. Envisioned and managed by Mrs.Vera Zeledón (Co-Founder of Hotel Belmar), Finca Madre Tierra provides Hotel Belmar with organic eggs, cheese, coffee, sugarcane, greens, and fruits. While visiting the farm, you will learn about sustainable agricultural practices, fertility through composting, low-impact farming, and cooking methods; all of which are essential to Belmar's vision of Sustainable Tourism.

All experiences are hands-on so you will taste delicious food, participate in the farm's day to day activities and, if you wish, ride our well-trained horses.

FINCA MADRE TIERRA

FARM VISIT + HORSEBACK RIDE

Horseback, Coffee, Sugarcane and more...

Depending on what activities are happening on your day at the farm, you could be milking cows for the first time, watching the cheese get made, picking coffee beans or straining sugar cane for a sweet post-hike drink. Madre Tierra, was the first carbon neutral farm in the country and the Belmar family's dedication to sustainability and preservation of the environment.
